**ARLINGTON ENTERTAINMENT AREA MANAGEMENT DISTRICT  
TROLLEY SYSTEM OPERATIONS GUIDE – JANUARY 2021**

**Purpose of Guide** This Guide is written to inform persons involved in operations at hotels or convention and tourism facilities concerning the "no fare" trolley service available to guests of certain hotels, providing seasonal transportation services between the hotels and Six Flags Over Texas, Hurricane Harbor, the Globe Life Park, Globe Life Field, Texas Live!, AT&T Stadium and the Arlington Convention Center. The Guide will be revised from time to time during an operating season. The current guide will be the guide published on the District website: [www.arlingtontrolley.com](http://www.arlingtontrolley.com) . DO NOT USE A GUIDE OTHER THAN THE CURRENT GUIDE. Additional copies are available from ATM or the District.

**The District described** The Arlington Entertainment Area Management District is a local government entity created under state law, legally and functionally separate from any other governmental unit. (It is not a department or arm of the City of Arlington.) It has its own officers and governing body. The District's operations are financed by an assessment against hotel properties located within the District. The assessment is secured by a lien on the hotel real property.

**Participating hotels** There are twenty-five (27) participating hotels:

|                           |                               |

| SpringHill Suites         | Towne Place Suites            |
| Holiday Inn Express       |                               |

**District management** The District is governed by a nine-member board of directors as follows:

Chris Baker – Director of Operations, Six Flags Over Texas  
Rob Matwick - Executive Vice President for Baseball Operations, Texas Rangers  
Lourdes Yanouri – General Manager, Hampton Inn  
Ron Price – CEO, Arlington Convention and Visitors Bureau  
Austin Vandvate - General Manager, Arlington Hilton  
Anshul Singhal – General Manager, Howard Johnson  
Stacey Snyder – General Manager, Crowne Plaza  
Nancy Sorrells – General Manager, Sheraton Arlington

**General Manager** of the District is Melinda Brittain, *whose phone number and e-mail address* are on the "Telephone Hot Sheet". The mailing address of the District is P.O. Box 941, Arlington, TX 76004.

**Operator** - The District has a contract for transportation services with RATP Dev USA, through its operating entity, Arlington Transit Management (ATM). The first call with regard to any operational matter should be made to ATM. Should you need to contact ATM, please call the phone numbers in the order shown on the "Telephone Hot Sheet".

**Convention liaison** - The District works closely with the Arlington Convention and Visitors Bureau in scheduling special transportation services for hotel guests attending local conventions. The contact person at the convention and visitor's bureau for convention transportation is Mrs. Mary German. Her telephone number and fax number are listed on the "Telephone Hot Sheet".

## II SERVICE DESCRIBED: What, When & Where

**What - The vehicles** The District, through the Operator, provides a fleet of trolley-like buses, each being air-conditioned, and wheelchair-lift equipped, available for regular route service. Other service will be provided by trolleys or by other vehicles (coach, mini-coach or van) of the Operator.

**Where do the trolleys go? Scope of operations - area** The District services are of three kinds: Scheduled route service (See III below); special event/convention service (See IV below); and downtown Arlington service (See V below). Those services are provided within the District, which is the area commonly known as the "Arlington Entertainment District", or within board-approved areas outside the District. The service is between participating hotels and the attractions in the District. There is no route service to locations outside the District.

**On what days do the trolleys operate? Scope of operations:** The trolleys will operate on a scheduled route basis on the days listed in the schedule published on the District website and communicated to a lobby monitor in each hotel. **During the peak season – March through September - trolleys will run generally when Six Flags is open and on days of Texas Rangers home games.** Route service is provided to AT&T Stadium for persons wanting to take stadium tours, but only on days when there is no scheduled event at the stadium. *On days of certain major events at AT&T Stadium and special events at Globe Life Park and Globe Life Field (see District website) there is not route service.*

**During what hours do the trolleys operate? Scope of operations** - The hours of route service will be determined by the operating hours of the park or attraction being served. The special event/convention service will be determined by the hours of the special event and/or the needs of the convention group. See III, ROUTE SERVICE, and IV, SUPPLEMENTAL SERVICE, for more detailed information concerning operating hours. THE HOURS OF OPERATION ARE SHOWN IN THE DISTRICT'S BROCHURE PUBLISHED AND DISTRIBUTED TO THE HOTELS AND ATTRACTIONS AND ON THE DISTRICT WEBSITE: [arlingtontrolley.com](http://arlingtontrolley.com).

---

### III - ROUTE SERVICE

**Scheduled route service - What locations do the trolleys serve?** The routes are designed to serve District hotels and attractions. All routes will stop at or connect by transfer to Six Flags, Hurricane Harbor (when open), Globe Life Park, Globe Life Field, Texas Live! And AT&T Stadium (non-event days only).

**Hours of operation - Scheduled route service: When do the trolleys run?** Hours of operation of route service will be determined by the operating hours of Six Flags and by the schedule of Texas Ranger home games. Route service to Six Flags commences one-half hour before park opening; and, ballpark service commences generally one and one-half hours before game time. A schedule of trolley service hours is published and distributed to the hotels and is available on the District website: [www.arlingtonrolley.com](http://www.arlingtonrolley.com).

**What are the trolley routes? Where do they go?** There are four (4) routes, designated "Red", "Green", "Yellow" and "Blue". At the back of this Guide is a listing of hotels and attractions served on each route and the order in which they are served.

**Does scheduled service frequency change during the day? YES**

**Peak-time service:** Half-hour service (a trolley completing a full circuit of the route once every 30 minutes) on four routes is provided during those hours when the largest numbers of hotel guests are using the trolley system in a particular direction: to Six Flags in the morning and from Six Flags in the evening. During these periods service runs approximately every half-hour from all hotels.

*Six Flags* - The morning service period begins one-half hour before Six Flags opens and continues for ninety minutes, so that each hotel has three morning pickups. And, there is half-hour service outbound from Six Flags during the last two hours before Six Flags closing each day. The last trolleys of the day leave Six Flags at park closing time. **On days of Texas Ranger home games, Six Flags service is suspended during the period commencing 1- 1/2 hours before and ending 1/2 hour after the scheduled starting time of the game.**

*Hurricane Harbor* - The morning service period begins one-half hour before Hurricane Harbor opens and continues for ninety minutes. And, there is half-hour service outbound from Hurricane Harbor during the last two hours before Hurricane Harbor closing each day. The last trolleys of the day leave Hurricane Harbor at park closing time.

---

*Globe Life Field* - Half-hour service is provided to Globe Life Field, home of the Texas Rangers, beginning one and one-half hours before each Texas Ranger regular season and playoff home game. **There are two (2) pre-game pick-up times, the first commencing 1-1/2 hours before game time, and the second 1/2 hour before game time.** Post-game service begins 20 minutes after the game has ended and continues until everyone has been picked up.

*AT&T Stadium – non-event days* Route service is provided to AT&T Stadium, home of the Dallas Cowboys, during regular route service operating hours on days when there is no event scheduled at the Stadium. For service on stadium event days, see IV-B.

**Off-peak hours** During the remainder of operating hours when half-hour service is not being provided – generally from mid-day until late afternoon/evening, a trolley will serve each hotel twice and will depart from Six Flags and Hurricane Harbor **twice**, at two scheduled times announced on the hotel lobby monitors and by signs at Six Flags and Hurricane Harbor.

**Service schedules** ATM will publish a schedule for each day showing departure times from each hotel and attraction, to be shown on the District website and on the hotel lobby monitor if available.

**When do the trolleys run for Ranger games?** Trolley route service will operate on days of all regular season Ranger home games on a scheduled basis. Service commences generally ONE AND ONE-HALF HOURS before game time, but for some games the service may commence at an earlier time. System users should consult the published schedule for specific daily service. The announced last departure from the Ballpark for all trolleys will be (20) twenty minutes after the end of the game.

**May a hotel request an addition to route service for certain events?** Yes. When a hotel is aware, based on its room bookings, that trolley demand for a baseball game is greater than scheduled route service can accommodate, the hotel may request that service vehicles be added to the hotel's route to and from the game, under the following conditions:

1. When a hotel is aware that regular route service will not accommodate the number of guests wanting service to a given game.
2. The minimum number of anticipated guests/riders from the requesting hotel, over and above that hotel's normal ridership to and from baseball games is thirty-five (35) hotel guests.
3. Pick-up at the hotel must be not later than one and one-half hours before game time; and
4. The District will determine need for the addition of vehicles and the type of vehicle to be used, based on availability - i.e., it may be another type vehicle if a trolley is not available.

5. WHEN COMPLETING THE ADDED SERVICE REQUEST FORM, THE GENERAL MANAGER OF THE HOTEL MUST SIGN THE REQUEST FORM.
6. The addition of any vehicle to the route service schedule shall be at the discretion of the District and subject to the availability of vehicles for such purpose.

A vehicle added to a route under this procedure is to serve all hotels on the route. This procedure does not result in the addition of a vehicle to serve only the requesting hotel.

**How does a hotel request an addition to route service?** If the conditions listed above exist, an addition to route service can be scheduled by submitting a Request for Added Service form to ATM and the District by e-mail not less than 24 hours prior to the time of need for the service.

The request must be sent to two places: ATM and the District, at their respective fax or e-mail addresses shown on the Phone Sheet at the front of this Guide. You must receive confirmation of your request before service is assured. Use the Added Service Request form, a reproducible copy of which is at the back of this Guide. **NOTE: THIS SERVICE IS NOT SCHEDULED THROUGH THE CONVENTION AND VISITORS BUREAU.**

**Will the routes and schedules remain the same during the season? No!** The District will seek to carry riders when and where there is demand and to avoid wasted efforts. So, there will be times during the season when changes are made to both routes and schedules. If so, the hotels and attractions will be given prior notice sufficiently in advance of change to provide for notice to riders.

#### IV – NON-ROUTE SERVICE

##### A. SUPPLEMENTAL SERVICE - FOR SPECIAL EVENTS/CONVENTIONS

**What is “Supplemental Service”?** Supplemental Service is a convention shuttle service of the District intended to serve as a material inducement for conventions and other meeting groups (a “group”) to meet in the entertainment district, using District hotels. Supplemental Service is not intended for use by groups coming to Arlington with a primary purpose other than a convention, meeting, or trade show. For this purpose, a “meeting” is an event (a) conducted by or under the auspices of a group with a common business purpose; (b) where the primary activity of the attendee is to attend a convention, exhibition, trade show or consumer show with educational and socializing purposes and other organized events (other than the stadium event) for attendees.

**Special event service - Where do the trolleys go?** By special arrangement, service will carry hotel guests between participating hotels and the convention center, ballparks, stadium, or other location in the District. (Under present policy, the District will not carry hotel guests outside the District boundaries except pursuant to special arrangements made in accordance with District guidelines.) Supplemental service to AT&T Stadium is not available on days of stadium events.

**When do the trolleys run for other special events?** Hours of operation of special event service will be determined by arrangement with the District through the convention and visitors' bureau. Generally, special event service will be available, if requested, for the required time periods between 8:00 a.m. and 12:00 midnight.

**How is the level of Supplemental Service determined?** Supplemental service can be at no cost to the meeting group, based upon the following calculations:

1. The District will provide to a group one hour of vehicle shuttle service ("eligible hour") at no cost to the group for every 80 room nights at District hotels.
2. A group must have a minimum of 80 room nights to qualify for this service – i.e., nights of occupancy by group members while attending the meeting for which service is provided. Eligible hours must have been earned by the group during the meeting for which supplemental service is provided.
3. The number of eligible hours shall be calculated by dividing the total room-nights paid by the group at all participating hotels by eighty (80) and rounding the result downward to the nearest one-half hour.
4. to be included in the calculations, room-nights must have been at District hotels identified in the group's Application for Supplemental Service.
5. A MINIMUM OF THREE (3) HOURS will be charged against a group's eligible hours for any one vehicle trip - i.e., eligible hours can be "spent" by a group of not less than 3 hours.

**What if a group needs more service than it has earned in eligible hours?** In the event the meeting group needs transportation services in the District for a greater period of time than its earned eligible hours, the District shall provide such additional hours at the stated rate per hour, set annually by the District, subject to the availability of the type vehicle requested by the group. In the event the group requests a vehicle other than an available trolley, the additional cost of such other vehicle shall be paid by the group. Any amounts owing by the group to the District shall be paid within 30 days of receipt of billing.

**The stated rate for service in 2021 is \$122 per vehicle hour, increasing in future years by 4%, rounded to the next higher one-half dollar.**

**Are there other limitations on Supplemental Service?** Yes.

1. The District cannot provide service to convention participants who are not guests of District hotels that have entered into agreements with the District for the service.
2. Under present policy, the District will not carry hotel guests outside the District boundaries except in accordance with District guidelines.
3. Hours of operation of special event service will be determined by arrangement with the District through Experience Arlington. Generally, special event service will be available, if requested, for the required time periods between 8:00 a.m. and 12:00 midnight.
4. Service shall be by trolley. A group desiring a different form of vehicle shall bear the additional expense of the different vehicle type.

---

**How does a group apply for Supplemental Service?**

1. Any group making application for Supplemental Service shall do so on a form prescribed by the District and shall list all hotels to be occupied by the group during the meeting for which the service is sought.
2. Application must be made with the District through Experience Arlington, Mrs. Mary German, not later than thirty (30) days prior to the first service date applied for. **THE DISTRICT CANNOT GUARANTEE SERVICE UNLESS CONFIRMED WITHIN THIS SCHEDULE.** Applications received at a later date will be considered if service is available, but no application shall be processed if received by the District less than 15 days prior to the date of service. Application should be made by faxing a completed "Application for Supplemental Service" to Mrs. German at 817-265-5640 or e-mailed to [mary@arlington.org](mailto:mary@arlington.org) with a copy to the District at [trolleygm@gmail.com](mailto:trolleygm@gmail.com).
3. After the District has approved a group's application for Supplemental Service, a legally authorized representative of the group shall execute and deliver to the District a completed Supplemental Service Agreement not less than three (20) complete business days prior to the date and time for commencement of the service. No supplemental service will be scheduled until the Supplemental Service Agreement is delivered to the General Manger.
4. As a part of the Supplemental Service Agreement, the applicant shall deliver to the District authorization for the District to use a credit card – Visa, MasterCard, Discover or American Express – to be used by the District in payment of all charges for service exceeding eligible hours. The applicant shall attach to the Agreement a copy of picture identification of the cardholder.

**Once ordered, can Supplemental Service be cancelled or changed?** Any supplemental service which is cancelled or for which service is reduced (either number of hours or number of vehicles) is subject to a cancellation fee.

Cancellation or reduction in contracted number of motor coaches is dependent on the cancellation policy of the company from which ATM has requisitioned the service. Groups being served should determine the cancellation policy of the motor coach company at the time a supplemental service contract is entered into. Groups shall be responsible for payment of any cancellation fees.

Cancellation or reduction in contracted number of trolleys may be made up until 10 days prior to the date of service will be subject to cancellation fees dependent upon the amount of vehicles and labor scheduled. If made within 24 hours of the service date, there will be a cancellation fee subject to ATM's cancellation policy in order to compensate for planning and scheduled labor of ATM staff, dependent upon the hours, vehicles, and scheduled labor. Written notice of any cancellation must be delivered to the District within the time frames stated above.

**Do all District hotels participate in Supplemental Service?** Supplemental Service is only available to groups staying at District hotels that comply with the following (adopted 11-15-12):

1. Every hotel using Supplemental Service shall enter a contract with the District, on a form prescribed by the District, providing:

- a. The hotel agrees to report to the District in writing, in a form prescribed by the District, all room-nights actually occupied by members of a Meeting Group at the hotel during the period of the meeting for which the Meeting Group occupies the hotel's rooms.
  - b. The hotel agrees that it shall deliver the report of room occupancy to the District within ten (10) days after the last day of the meeting attended by the Meeting Group.
  - c. The hotel understands and agrees that the failure to deliver a full and complete report of room occupancy within ten days shall forfeit the privilege of the hotel to use the Supplemental Service of the District.
  - d. In the event that the District shall collect from the Meeting Group any monies for Supplemental Service and thereafter it is determined that the collection is attributable in whole or in part to the failure of the hotel to timely report all room-nights of occupancy by the Meeting Group, the hotel understands that Supplemental Service to the hotel will not be restored without the prior written approval of an authorized representative of the Meeting Group.
2. Any Meeting Group making application to the District for Supplemental Service shall do so on a form prescribed by the District and shall list therein all hotels to be occupied by the Meeting Group during the meeting for which the Service is sought.

## **B. AT&T STADIUM SERVICE**

**Is there Supplemental Service to AT&T Stadium?** Service to AT&T Stadium is limited as follows:

1. There is no free District service of any kind to the stadium on the day of a stadium event, such as football, soccer, boxing, concerts, etc.
2. If an identified group is in the district for a meeting independent of a stadium event, attendance at a stadium event shall not disqualify the group from receiving supplemental service on a day other than the day of the stadium event if the group otherwise qualifies for supplemental service.

**Is there any other District service to AT&T Stadium for special events:**

1. *AT&T Stadium – event days* There is no regular (i.e., complimentary) route service to AT&T Stadium on the days of stadium events.

**However:** If a special event is approved for service by the District, the event will be listed on the website and reservation instructions will be provided under SPECIAL EVENTS section. Hotel guests may arrange reservations for trolley service on the website to and from AT&T events listed and be picked up from their hotel and delivered to the Trolley Stop on Cowboy Way.

---

## V. DOWNTOWN ARLINGTON SERVICE

**The service** During the 2021 season the District will provide on demand (reservation) service to central Arlington during the evening hours on selected dates as an added feature of a hotel guest’s Arlington visit. The service is known as the “Downtown Express”.

**Reservation required** Ridership is by reservation only. A reservation may be made on-line by using the form on the “Downtown Express” page of the District website: [arlingtontrolley.com](http://arlingtontrolley.com); or, by calling 817-538-0777. A reservation may be made at any time in advance of the date of service but must be made and confirmed no later than 4:00 p.m. on the day for which service is requested.

**Reservation request – content** Each reservation will require guest contact information – e-mail address or cell phone number – for use during the service and, with guest consent, for subsequent District marketing purposes.

**Reservation limitation** Reservations must be made for individuals or a family. All adults must have a reservation. Only two adults per reservation will be accepted. The Downtown Express is not a form of group service. Large groups are encouraged to use the service described in IV above. Reservations are subject to space availability.

**Service dates** Downtown Express service will commence on **May** and will continue through **July**. **The dates and times of service are listed in the Downtown Express calendar on the District website.**

**Service hours** - The service will commence at District hotels at the times shown on the Downtown Express calendar and shall end at 10:30 p.m.

**Drop-off and pick-up procedures** Guest pickup for service inbound to downtown will be within a time period determined ATM and the guest – within a pickup “window” of 15 minutes, if possible. The guest will be dropped off downtown as close as practical to the guest’s stated destination. Return to the hotel will be as arranged between the trolley driver and guest, with last departure from downtown no later than 10:30 p.m. on a “show nights” and at 10:00 p.m. on all other nights.

**Downtown pick-up locations** Downtown pickup time and location will be arranged between driver and guest before drop-off or by cell phone communication between driver and passenger. Additionally, there are pick-up locations marked by sign (sidewalk graphic) in the downtown area and shown on the downtown map contained in the Downtown Express brochure.

**Downtown Express promotion** Information concerning the service will be available to guests and prospective guests by:

- Web page “Downtown Express” on the District website: [arlingtontrolley.com](http://arlingtontrolley.com).
- Sign displays on each route service trolley contain pertinent information about the service.
- Video/audio announcements on each trolley.

## VI - THE RIDERS - USERS OF THE SERVICE

**Users: Who may ride District trolleys?** Under District policy, the only persons eligible to ride District trolleys or buses are those persons who are registered guests of participating hotels.

**Eligible riders: How identify them?** Each hotel will issue a "trolley pass" to any registered adult guest requesting one and to any child (also a hotel guest) of a registered adult who is over the age of 13 years. Each hotel may establish its own procedures for issuance of passes, so long as they are consistent with the District's eligibility criteria.

**Misuse of passes** - The trolley pass is valid only in the possession of a registered guest of a participating hotel of the trolley district, subject to conditions contained at [arlingtontrolley.com](http://arlingtontrolley.com).”

No other person is authorized to use a pass. IT IS A VIOLATION OF DISTRICT POLICY FOR A HOTEL EMPLOYEE OR ANY OTHER PERSON TO PERMIT THE USE OF A PASS BY A PERSON NOT ENTITLED TO USE A PASS under the eligibility requirements stated in this procedure. Each pass contains the following statement: "The pass may not be sold, transferred or used by other than the hotel guest to whom it is issued. This pass may be confiscated, and the holder denied transit privileges in the event of misuse of the pass or any violation of the conditions under which it is issued." ANY HOTEL PERMITTING RIDERSHIP CONTRARY TO THIS POLICY IS SUBJECT TO DISTRICT SANCTIONS, INCLUDING SUSPENSION OF SERVICE.

- A. It is the intent of the District that trolley passes be issued to and used only by persons who are currently registered as guests of District hotels as a service provided by assessment of District hotels. It is a violation of District policy for a hotel to sell a trolley pass for money or other valuable consideration or to offer to do so.
- B. “Unauthorized use” shall mean the representation by any hotel employee that trolley service is available to non-hotel guests, with or without the payment of consideration for a trolley pass and whether the transaction is completed. An “offense” means an “unauthorized use”. “Offending hotel” means the hotel at which an unauthorized use occurs.
- C. Unauthorized use shall be addressed as follows:

First offense: Upon a first offense, written notice shall be sent to the general manager of the offending hotel giving notice of the offense; and, the District may at its option make a courtesy call on the general manager concerning the matter.

Second offense: Upon a second offense within the same calendar year, written notice shall be sent to the general manager of the offending hotel and the owner of the hotel real property giving notice of the offense and placing the hotel under a suspension of trolley services for a period of seven (7) service days.

Third offense: Upon a third offense within the same calendar year, written notice shall be sent to the general manager of the offending hotel and the owner of the hotel real property giving notice of the offense and placing the hotel under a suspension of trolley services for a period of thirty (30) service days.

Fourth offense: Upon a fourth offense within the same calendar year, written notice shall be sent to the general manager of the offending hotel and the owner of the hotel real property giving notice of the offense and placing the hotel under a one-year suspension of trolley services.

The suspension period shall commence on the first service day next following either: the last day to appeal suspension, as described in F. below; or, the day on which the appeal decision is rendered.

- D. After any written notice as described in C. above, whether or not there is any suspension of service, the general manager shall have fourteen (14) days from the date of the written notice in which to reply to the District describing the manner in which the unauthorized use is being addressed by the offending hotel.
- E. During any suspension period the obligation of the hotel property owner to pay the trolley assessment shall continue.
- F. A hotel shall have the right to appeal a suspension for unauthorized use:
  - i. If an appeal is made to the District in writing within fourteen (14) days after written notice of the suspension.
  - ii. Before an appeals panel of three (3) members of the District Board of Directors.
  - iii. At a hearing held within five (5) business days after the date of the appeal.
 The decision of the appeals panel shall be final and binding on the hotel.

A suspension period will be carried forward to the following season when not completed within the calendar season in which the offense occurred.

**Other conditions of use** As a condition of service, each hotel shall make available to each guest using the trolley service, in a form suitable to the hotel, a statement of conditions of use of the trolley system, not less than the following:

***USE OF TROLLEY SYSTEM IS SUBJECT TO THESE CONDITIONS:***

1. A pass issued by a hotel must be displayed by every rider 13 years of age or older.
2. The pass is valid only for registered guests of an issuing hotel during guests' stay at that hotel.
3. The pass may not be transferred or used by person other than guest to whom it was issued.
4. The pass may be confiscated, and holder denied trolley use if these conditions are violated.
5. No child under age 13 may ride a trolley unless accompanied by an adult responsible for the child.
6. The transit operator accepts no responsibility for delays, losses, damages or injury to persons or property, including personal property left on a transit vehicle.
7. No alcoholic beverages, glass containers or concealed weapons (except as otherwise permitted by law) are allowed on transit vehicles.
8. No animals are allowed other than guide dogs for sight-impaired guests.
9. The trolley is a smoke-free environment. No smoking allowed.
10. Face masks will be required until further notice. Updates will be reflected on the website.

## VI I - GUEST/RIDER RELATIONS

### **Troubleshooting: What do I do when things go wrong? The trolley is late? The trolley doesn't stop?**

In the event of a service problem or complaint, please do the following:

If the problem is one which can be handled by front desk personnel, they should of course do so. And, if the problem merits reporting to the District, a hotel representative should fill out a Transportation Service Report. A reproducible copy of the form is attached to this Guide.

Provide the name and phone number of the complaining or aggrieved party, if available. E-mail the Transportation Service Report to the District at [trolleygm@gmail.com](mailto:trolleygm@gmail.com).

If the problem is one that can be corrected or alleviated by some immediate action on the part of the operator (for example, the trolley just drove past your hotel without stopping and you have waiting guests), call ATM, in the sequence listed on the “Phone Number HOT SHEET” at the front of this Guide. Report what has happened and find out from the ATM representative what corrective action is to be taken. Make note of the ATM representative’s response.

If you cannot reach any of the persons listed on the Hot Sheet, call Melinda Brittain at 817-822- 2586.

**On the same day, fill out a Transportation Service Report** (Reproducible form follows), and send it to the District at [trolleygm@gmail.com](mailto:trolleygm@gmail.com).

If the problem involves a situation which has concluded (for example, your morning staff is told that a guest was left at Six Flags the night before), fill out a Transportation Service Report and e-mail it to the District [trolleygm@gmail.com](mailto:trolleygm@gmail.com). Again, provide information concerning the complaining party (name and phone number), if available, as well as time and place of event.

**What happens after a service report is filed?** The District closely monitors the Operator's performance of the contracted services. ATM is required to follow up on all incidents of service complaints and to report its action to the District. Therefore it is important to the success of the trolley service that incidents be reported to **both ATM and the District** and that the complainant provide as much information as possible (including a permanent address and/or phone number) for follow-up use.

**How do we get a supply of trolley passes, etc.?** To replenish your supply of trolley passes, call or e-mail your order to the Field Supervisor or the ATM office. **PLEASE** review your inventory of trolley passes and route guides and order before 12:00 noon on Friday or before a holiday. **Supply orders cannot be filled on weekends or during holidays.**

**VIII. HOTEL – TROLLEY COMMUNICATIONS**

Communication by the District administration and the trolley operator is provided by:

**Lobby monitor** The District has provided and the Operator has installed in each hotel lobby a monitor displaying operating schedules, times, and arrival information. Should a monitor malfunction or cease to operate in any way, the hotel should notify the ATM office immediately.

**District website** The District’s website is: [arlingtontrolley.com](http://arlingtontrolley.com). Each District hotel is assigned a web page (click on “Hotels”) containing information about both the hotel and trolley service that is specific to that hotel. Each hotel should review its page from time to time and notify the District concerning any needed changes in displayed information.

**Trolley brochure** The District publishes a brochure for distribution at each hotel and elsewhere in the District. The brochure describes and promotes the trolley service generally, with emphasis on the route service.

**Trolley System Operations Guide** This publication contains policies and procedures for use of the trolley system. It is published each March for distribution to all District hotels, with mid-season supplements or modifications as needed. A copy of the guide should be maintained by each hotel for quick reference at or near the hotel’s frontdesk.
